Transfer Credits

What Are the Benefits of Transfer Credits?

Transfer credits are helpful for lightening students’ course loads and allowing students to graduate on time. Remember, it is your responsibility to ensure that BYU receives all your transfer credit.

Transfer Credit Types

What Credits Will Transfer?

BYU makes considerable effort to accept all college-level courses taught at other schools. Each college/university uses their own curriculum when teaching courses, please check with us to find out how your courses will transfer to BYU.

AP/IB Tests

You may receive credit for Advanced Placement scores of 3, 4, 5, and Higher Level International Baccalaureate scores 5, 6, or 7. Be aware that BYU won’t receive results from AP tests taken in May 2017 until early July.

Click HERE for more information.

College Transfer Credit

Select your previous institution from the Transfer Guides by School.

Click HERE for information.

International Transfer Credit

Click HERE for information.

Transfer Verification

How Do I Check to See If My Credits Transfered?

1) Check MyMAP > Progress Report
2) Transcripts from all institutions attended are required to be sent to BYU. If you have AP/IB scores you want added to your record, make sure we receive your scores. Please visit our website for more information on sending transcripts/scores to BYU.

3) Talk to your college advisement center for evaluation of transfer work that might fill major requirements.

Have a Happy 4th of July!
